

Ni Ni Shyune Lae

Front End Developer

PROFILE

Highly motivated second-year student majoring in Electrical Power Engineering with a growing passion for web development. Proactively embraced the challenges posed by the pandemic by embarking on self-directed learning in web development. Developed a strong foundation in HTML, CSS, and JavaScript through online courses and tutorials. Demonstrated a keen ability to adapt, learn independently, and apply new skills effectively. Seeking opportunities to leverage technical expertise in web development to contribute to innovative projects and solve real-world challenges.

EXPERIENCE

I have 2 months of workshop experience in MMS IT.

Career Objective

As a Front-End Developer, I aim to create seamless user interfaces and engaging web experiences by leveraging my expertise in HTML, CSS, and JavaScript. Passionate about staying at the forefront of web technologies, I am driven to contribute my skills to dynamic teams and deliver impactful digital solutions that drive user satisfaction and business growth.
